### Contract for Quilt Binding Services

This contract for the services of binding is between *Calie Mowery*, owner of Creations by Calie and \_\_\_\_\_.

**Please note that I accept payment in the form of cash or PayPal. If using PayPal, there is a 3% fee added to your invoice.**

*If payment is not received within 28 days of being notified that your quilt is ready, your quilt will become property of Creations by Calie.*

You must supply the fabric that is to be used for binding. I do not sell fabric.

Please make sure you have provided enough fabric. I bind with 2.5" strips. **The simple formula to determine if you have enough fabric is:**

*o (Quilt length + quilt width)\*2 / width of the binding fabric (usually around 42") then round up*

*o For example (45+62)\*2 / 42= 5.1 then round up to 6 and multiply by 2.5"*

*o That size would need about ½ yard of fabric for the binding.*

I understand that you are trusting me with your quilt, and I am committed to doing the very best binding work for you. Occasionally, due to circumstances out of my control, there may be slight imperfections. By sending your quilt to me, you are accepting that I am not responsible for expectations beyond my control. As an experienced quilter, the best possible care will be given to your quilt.

Creations by Calie is not responsible for any damage to the quilt from any cause that is beyond their control. This includes needle breakage due to thick seams.

I offer several options for binding, the price listed is per linear inch:

All binding services include me cutting your fabric into strips, sewing and pressing them into binding strips.

For all machine bound quilts please note: your top stitches will be on the edge of the binding on the front, but will not be on the binding when looking at it from the back.

**\$0.35 Hand Stitched** The binding will be machine sewn to the front and hand stitched down to the back of the quilt.

**\$0.45 Hand Stitched Flanged** The binding will be machine sewn to the back and hand stitched down to the front of the quilt on the fold of the flange.

*Flanged binding: Main fabric strip 1.5" wide, flange fabric strip is 1.75" wide*

**\$0.15 Machine Stitched** The binding will be machine stitched down to the back and then brought around to the front and finished on the front.

**\$0.20 Machine Stitched Flanged** The binding will be machine stitched down to the back and then brought around to the front and finished inside the seam of the flange.

**\$0.10 One Side Attach** I will stitch the binding down by machine on one side only and you will finish the binding.  
Front Back

**\$0.08 Wrapped from Backing** To use the backing fabric for a wraparound binding on a quilt, you will need at least 2 inches of backing fabric beyond the edge of the quilt top.

**\$0.35 Faced** The binding is attached to the front of the quilt, about a quarter inch from the edge and then pulled all the way over to the back of the quilt and hand stitched down. You will **not** see the binding on the front of the quilt. This method of binding is commonly used for wall hangings or modern style quilts.

**PUBLICITY RELEASE** During the process of working on your quilt I take photos of the work I  
I authorize Creations by Calie to photograph and use the work process photos for publicity  
on their website, social media pages and in lecture presentations.

I do not authorize Creations by Calie to photograph and use the work process photos for  
publicity on their website, social media pages and in lecture presentations.
